

Helping Students **Save Between 1-5%** of the Value on International Remittances

FX2SCHOOL

Client Business Description

- ◇ Australia based Payment Solutions Provider for International Students to pay their Australian and New Zealand tuition fees.

Background

- ◇ FX2School's payment platform and banking infrastructure helps International Students save money, by providing market leading FX rates and local payment solutions, saving them time & money.

Challenge

- ◇ International remittances are cumbersome and expensive for international students, student agents, and institutions as a whole.
- ◇ Tracking the payments at each stage is like staring into a black box.

Idea

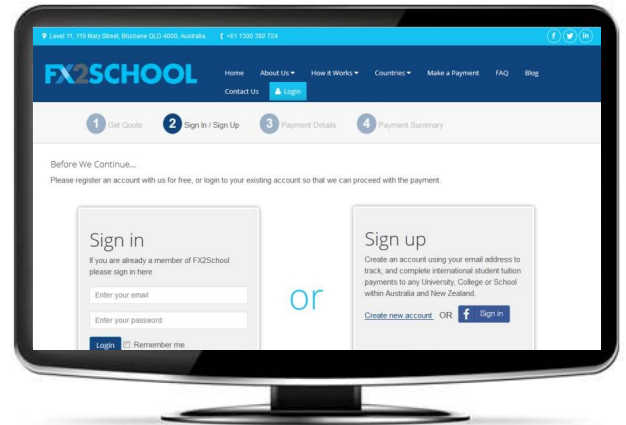

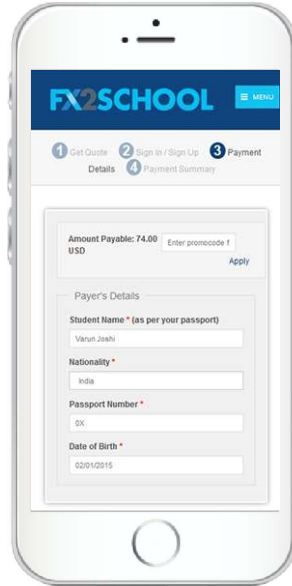

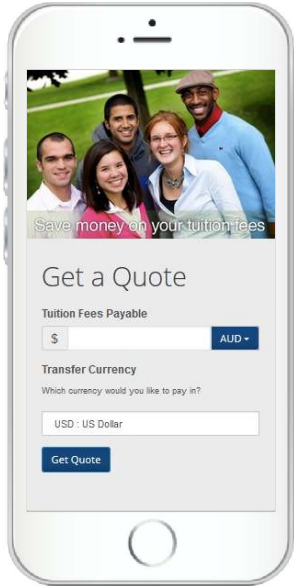

- ◇ Develop a mobile responsive website to streamlines the process of payments in international currencies.
- ◇ Seamless integration with various financial partners and educational institutes for making payments a breeze.
- ◇ All payments to be held in segregated accounts with licensed banking institutions.
- ◇ Payments to be tracked at each stage in an open and transparent manner.

Our Solution

- ◇ An easy to use mobile responsive web based system has been developed with open source technologies to make tuition payments to any university or institution within Australia and New Zealand for international student.
- ◇ Developed a backend administration system for educational institutions to reconcile, track, and view student payments.
- ◇ A tailored system for education agents to complete payments with ease on behalf of their students.

Technologies Used

- PHP / Drupal
- HTML5, CSS3, Java Script, Bootstrap
- Apache
